FWA WINS PEOPLE'S CHOICE AWARD AGAIN!

History was made last Thursday evening in Christchurch as Forgotten World Adventures scooped up the NZME People's Choice Award for the second year in a row! This has been made possible by your vote and we **THANK YOU!**

Being named the People's Choice winner for the second year is a great honour and serves as a sign that we at Forgotten World Adventures are doing something right. It further provides a solid foundation for the continued growth and development of the company.
